

## **Introduction**

Derbyshire Dales District Council wishes to consult the citizens and stakeholders of the District for their views on renewing Public Spaces Protection Orders under the Anti-social Behaviour Crime and Policing Act 2014 with regard to dog control and to consider implementing new Public Space Protection Orders in relation to lit fires and BBQs, alcohol and parking.

The Public Spaces Protection Order is intended to deal with a particular nuisance or problem in a particular area that is detrimental to the local community's quality of life, by imposing conditions on the use of that area. The Order can also be used to deal with likely future problems in the area.

Individuals who fail to comply with a Public Space Protection Order commit a criminal offence under s.67 of the Anti-Social Behaviour Crime and Policing Act 2014

The Council proposes to renew and implement the following Public Space Protection Orders:

- 1. Dog Exclusion Order** - The effect of the Order is to make it an offence for a person in charge of a dog to permit the dog to enter or remain on any land to which this Order applies.

The 'Exclusion of Dogs Order' is designed to create dog free areas that can be enforced. This is being proposed to combat the problem of dog fouling within play areas and provide children with a safe environment to play. The order will only include any enclosed or marked areas in which children play.

- 7. Alcohol** – The effect of the Order is to make it an offence for those persons who are consuming alcohol and/ or under the influence of alcohol and acting in a manner which causes nuisance or annoyance to other people to continue to be in the area, or not to surrender their alcohol once requested to do so, by an authorised officer.

The PSPO for alcohol consumption gives the police and other designated officers additional powers within a designated area to tackle street drinking where it is having a detrimental effect to those in the locality. The PSPO does not represent a ban on public alcohol consumption; it allows for greater control of alcohol consumption where it is of a problematic nature.

The criminal offence of failing to comply with an officer's request within the restricted area of the PSPO to leave the area and/or surrender alcohol can be dealt with by issuing a fixed penalty notice or a summons to court.

Those committing an offence can be fined up to £1,000 on conviction in the Magistrates' Court. However, it is proposed to offer a Fixed Penalty Notice of [£75] as an alternative to prosecution, which would discharge liability for the offence

It is proposed that the Order above is introduced at the following locations:

## **The Consultation Process**

To address the concerns and complaints of residents and visitors to the District, the Council intends to renew the Public Space Protection Orders in respect to dog control as well as making a number of Public Spaces Protection Orders in relation to alcohol, BBQ's lit fires and unauthorised parking.

It is important that we listen to the opinions of citizens and stakeholders before implementing changes such as these. And we invite you to give us views on the issues raised in this document. We are particularly interested to hear from those who use public spaces.

A consultation report will be taken to the committee to consider the renewal and adoption of the new Public Spaces Protection Orders.

A report of the results from this consultation activity will be published on the Council's website within six weeks of the ending of the consultation period.

You can respond to the consultation in the following ways:
