[REDACTED]

Dear Sir / Madam,

As residents of Darley House Estate we are appalled at all the development that is planned to take place on Hackney Lane and I underline Lane as it is thoroughly unsuitable for all the heavy traffic that already uses it. More houses equals even more traffic and accidents waiting to happen. The footpaths are narrow and quite dangerous for pedestrians in places as the traffic rages by. Apart from the traffic problem, there is the loss of green fields, the impact on wild life, not forgetting that the fields in question are full of springs.

yours. [REDACTED]
