Dear Sian Bacon

Please find attached some queries that I wish to raise with the Town Council as the Qualifying Body for the Neighbourhood Plan. Claire Francis at the Local Planning Authority is copied in as they also may wish to contribute comments. There is no specific timescale for responding to these queries and in fact I am just about to go on holiday and so there would be no point in a response before August 6th - others may have planned holidays I appreciate. However, to allow me to plan my work programme, some indication of a likely timescale would be helpful. If any immediate queries arise please let me know and I will aim to provide clarification.

Kind regards

Andrew Matheson
