Marston Montgomery

LB Ref	Address	Description	Grade	Date Listed
81278	Bank Top Farm Bowling Alley Lane Marston Montgomery Derbyshire DE6 2FE	Farmhouse. C17, refronted in C18, with minor later alterations. Timber framing, partly encased and partly rebuilt in red brick with brick dressings. Steeply pitched red plain tile roof with brick gable and ridge stacks. Two storeys plus garrets, four bays with two storey porch. South elevation has two segment headed windows to west, that to east 3-light glazing bar casement, that to west with uneven 2-light glazing bar casement. To east, porch has four-centred arched doorcase with C20 glazed door and beyond, C20 window under segment head. Above, three flat headed shallow glazing bar casement windows, that to west an uneven 2-light window and others 3 light Porch has smaller 3-light casement window. Over the windows, just under the eaves, is a large timber wall plate with evidence of the front wall originally having been a close studded timber frame. Elsewhere in the house the timber frame has been encased, rather than rebuilt. The double purlin roof structure still survives	II	19/07/1985
81279	Thurvaston House Cubley Lane Marston Montgomery Derbyshire DE6 2FG	Public house, now house. Mid C18, recently restored. Red brick in Flemish bond with brick dressings and plain tile roof with moulded stone copings and western brick gable stack. Two storeys and three bays. C20 double glazed door under segment head, flanked by 3-light glazing bar casements under similar segment heads. Similar 3-light window beyond to west. Above, three flat headed 3-light glazing bar casements, between eastern two a bracketed signboard with the name of the house.	II	19/07/1985

LB Ref	Address	Description	Grade	Date Listed
81280	Marston Lodge Farm Cubley Lane Marston Montgomery Derbyshire DE6 2FG	Farmhouse. Early C17 and early C19 with late C19 and C20 alterations. Rendered close studded timber framing and red brick addition. Plain tile roof with large brick ridge stack, and slate roof to C19 addition with overhanging eaves, supported by scrolled iron brackets, and external brick gable stack to east. Two storeys, three bays and L-plan. Early C19 facade has central C20 glazed double doors with moulded cornice above. To either side glazing bar sashes with stone sills. Above, three similar windows. Eastern rooms are early C19, whilst the western ones are C17 with brick facade applied. East elevation has early C19 bay to south with an adjacent staircase turret to north, which is jettied on carved brackets at half landing level. Above, lighting the rest of the staircase, is a tall C19 glazing bar sash. Beyond, to north, are two 4-light C20 casement windows with a panelled door between and a plank one beyond. Above, one 4-light C20 casement window to south and one 2-light window to north. Above, at eaves level, is a series of wooden brackets, carved with flowers; these run all round the original building. Inside has high stack between kitchen and parlour with inglenook fireplace in kitchen, and a dogleg staircase through two storeys with robust turned balusters and plank post at the half landings, with tapering square finials. The original oak treads survive on the first flight up to the attic, and the attic flight has a door closing it off.	II	19/07/1985

LB Ref	Address	Description	Grade	Date Listed
81281	Marston Park Farm Cubley Lane Marston Montgomery Derbyshire DE6 2FG	<p>Formerly listed as Marston Park. Farmhouse. Early C17 and late C17 with C18, C19 and C20 additions and alterations. Close studded and box timber framing, rubble sandstone and red brick, with stone and brick dressings. Plain tile roofs with moulded stone coped gables and kneelers, and western brick gable stack, as well as stone ridge stack to east. L-plan with two bays to each wing and small C20 addition to north-east. Two storeys, plus garrets to east range. East range has stone south gable wall with quoins, east and west walls of red brick on stone plinths and north wall of box timber framing. North wall shows this range was originally single storey plus attics, as remains of roof truss is visible. Ground floor has two adjoining casements and upper floor, one similar window. South gable wall has small 2-light chamfered mullion window with drip mould to east. Above, a 4-light recessed and chamfered mullion window, also with drip mould and above again, in the gable, a 3-light chamfered mullion window with drip mould. East wall has two 3-light chamfered mullion windows with drip moulds to ground floor and a similar 2-light window without drip mould to north. Above, a similar blocked window and an inserted C19 casement. West wall has a large 4-light C19 glazing bar casement window under segment brick head to north and a 3-light chamfered mullion window to south. Above two similar mullioned windows without drips and to north at junction with north range, a small casement window. Only the ground floor windows on this range are original, the upper ones are probably C19. North range has brick south front with large C19 4-light glazing bar casement to west under segment brick head and similar 3-light window to east, beyond to east C20 door under segment brick head. Above an adjoining small casement to that on east range and to west a C19 3-light sliding sash. North elevation of this range has brick west bay but east bay is of close studded timber framing with various small casement</p>	II	13/09/1967

81282	Marston Park Farm Cubley Lane Marston Montgomery Derbyshire DE6 2FG	windows. Interior has two panelled rooms and upstairs is an overmantle dated 1695. Listed for Group Value.	II	19/07/1985
		Cowhouse, now storage shed. Early C18 with considerable C20 alterations. Red brick on stone plinth with stone dressings and C20 asbestos sheet roof. Single storey, three bays. South elevation has chamfered stone plinth to base with piece cut out below a blocked doorway. To east, two blocked oval windows cut in square stone blocks. Similar blocked window to west. Plain brick band at eaves level above. North elevation of building has been rebuilt in modern brick and has C20 sliding doors. Included for group value only.		

LB Ref	Address	Description	Grade	Date Listed
81283	The Manor House Barway Marston Montgomery Derbyshire DE6 2FF	House. Late C17 with C19 and C20 alterations and additions. Box timber framing on stone plinth with painted brick nogging and brick with brick dressings. Plain tile roofs with large stone ridge stack, topped by four circular stone pots, to west and enormous stepped external stone stack to east gable wall, topped by brick extension. Two storeys plus garrets and two bay east wing with advanced single bay crosswing. North elevation has 4-light leaded casement window in western crosswing and similar window to east of east range, and between has been inserted a large two storey brick bay with bowed front. This has C20 5-light leaded casement window in bowed end and a panelled door with bracketed hood over to east side. Above, similar windows in same arrangement. Above again to west, a jettied gabled on carved timber brackets with blocked window to top. To east, projecting from the roof over the later brick bay is an advanced gabled timber frame bay, probably the former porch, and beyond to east, a gabled roof dormer with leaded lights to top and box framing below. South elevation has crosswing rebuilt in brick and ground floor hidden by C20 brick extensions. Interior has virtually all its original timber frame exposed, and chamfered ceiling beams. South room of crosswing has C17 panelling, carved fireplace and overmantle dated 1670 and panelled corner with shaped all possibly re-used, Original dogleg staircase through three floors with shaped splat balusters and moulded finials. West rooms of crosswing have stone four-centred arched fireplaces, that to first floor with carved spandrels.	IISTAR	05/02/1952

LB Ref	Address	Description	Grade	Date Listed
81284	The Manor Cottage Barway Marston Montgomery Derbyshire DE6 2FF	Outbuilding. C18 with later alterations. Timber framing and red brick with brick dressings and plain tile roof with plain bargeboards. Plain first floor band. Two storeys and three bays with gabled northern crosswing. Gabled street elevation has plank door under segment head to east and 3-light fixed pane window, also under segment head to west. Similar window over with central casement, and above again, in the gable, is a pigeoncote of two raised bands with square holes over. South elevation has two segment headed doorcases, that to north blocked. Above, central door and small hayloft door. To south end is an exposed queen post truss with central casement window. Interior has bread ovens to north room. Included for group value only.	II	19/07/1985
81285	Dove House Thurvaston Road Marston Montgomery Derbyshire DE6 2FF	House. Early C19 with later C19 addition. Red brick with brick dressings and plain tile roofs with brick gable and ridge stacks. Dentilled eaves to later addition. Three bays, two storeys and T-plan, the advanced western single bay crosswing being the addition. Segment head windows with casements flank a central segment headed doorcase with panelled door and gabled, open late C19 wooden porch. To west, later addition has blank south wall but a plain sash under segment head to east. Above, two flat headed 3-light casement windows to east, and to west a similar taller window under segment head. Included for group value only.	II	19/07/1985

LB Ref	Address	Description	Grade	Date Listed
81286	Daisy Bank Farm Marston Bank Rocester Derbyshire ST14 5BU	Farmhouse and cottage, now one. Mid C18, raised in early C19. Red brick with brick dressings and plain tile roof with brick gable and ridge stacks, plus plain first floor band. Three storeys and three bays. Segment headed doorcase with C20 glazed door and to west a segment headed window with painted stone keystone and C20 glazing. To east, two similar windows and to far west, a small segment headed blocked opening. Above three 2-light glazing bar sliding sashes under segment heads with stone keystones Above, the added storey has three segment headed windows, two to west with sliding sashes and that to east with 3-light C20 casement window.	II	19/07/1985
81287	Pearl Bank Farm Pearl Bank Marston Montgomery Derbyshire DE6 2FF	Farmhouse. C17, encased in early C19 with various later alterations. Timber frame on stone plinth, encased in red brick with brick dressings and an asbestos sheet roof with plain bargeboards. Large external side wall brick stack to east and small brick gable stack to west gable. Two storeys plus garrets, double range plan with two gabled bays to front. South elevation has segment headed doorcase with glazed panelled door just to west of centre, and adjacent to west an inserted small C20 window. To east a tripartite plain sash under segment head. Above two similar windows, and above again in western gable a 2-light window under segment head. Similar blocked opening in eastern gable. Between them, below the central valley, are three tie heads. Interior has exposed timber frame. Included for group value only.	II	19/07/1985

LB Ref	Address	Description	Grade	Date Listed
81288	St Giles Church Thurvaston Road Marston Montgomery Derbyshire	<p>Parish church. C12 with C13 and C18 alterations, restored and extended 1875-6 by H St Aubyn. Coursed squared and rubble sandstone with slate chancel roof and plain tile nave roof, with stone coped eastern gables, topped by ridge crosses, and bellcote over west end of nave. Nave, north aisle and vestry, south porch and lower chancel. West elevation, mainly C12 with blocked central doorcase, now with limestone slab to base, inscribed 'Here lyeth the body of John son of Walter Copestake and Susanna his wife, who departed this life the 21st day of July. Anno Domd 1687 his age 11'. To either side stepped buttresses and to north c1875 aisle with chamfered lancet. Above the doorcase is a C12 semi-circular headed single light window, and above again, a clockface dated 1870. Corbelled out above is the square, tile hung bellcote with four pointed timber louvred openings to top, on all sides, capped by a pyramidal slate roof. North elevation has a long catslide roof over the aisle, which has three chamfered lancets to north and similar window to east end. Similar lancet beyond to east, in the chancel with a C12 single light window beyond. Gabled C19 vestry to east with Y-tracery pointed window to north with hoodmould and Caernarvon headed door to east. Much restored C13 3-light intersecting tracery east window with hoodmould. South chancel elevation has two chamfered lancets, that to east early C13, with large stepped buttresses to east and between. To west is a blocked C12 semi-circular headed doorcase with raised impost blocks and hood. The nave has a large stepped buttress to east with two inscribed stones, one reading 'CARTER CW 1698' and the other 'CHAMBERLAIN CW, W BECK 1877', To west is a C13 3-light intersecting tracery window in recessed surround, and beyond to west is the south porch with chamfered pointed doorcase. C19 lancet and stepped buttress beyond to west. C12 inner south door with incised cross in tympanum. Interior has three bay C13</p>	IISTAR	13/09/1967
